Report produced on 27.08.2025

MyScore AS currently cooperates with one of the largest players in the industry, Creditsafe. Creditsafe is an international credit-rating agency founded in Norway in 1997, with 18 offices in 12 countries and over 100,000 customers. The company has a licence from the Norwegian Data Protection Authority to operate a credit-rating business in Norway and MyScore develops and communicates this information to our customers.

Creditsafe collects, processes and enhances data from hundreds of different sources. A common denominator for all of their suppliers is that they maintain a high quality and data is updated either daily or at the maximum update rate, in other words as often as the source permits. When new information is collected daily, this means that you as a customer can always make a decision based on the most up-to-date information. Examples of Creditsafe's sources are the Brønnøysund Registers, the Register of Business Enterprises, the Register of Legal Entities, the Norwegian Tax Administration, the National Registry, number and address distributors, Statistics Norway and debt collection agencies.
